Large Farmhouse Console Kitchen Island With Shelf and Drawers, Sweden circa 1860-80

It is the years of use that fill this white painted work table with character and purpose. At 6.5' long with a lower shelf and two large drawers it is ideal for a modern kitchen island.

The gray painted top reveals generations of use in the distressed appearance with cracks, scrapes, gouges, paint worn off revealing the natural pine wood below. Restored, strong, stable and ready for use. Buyer may choose to raise it on casters. All scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this special accent table.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
