## Vic: photo of top// Bleached Oak Sideboard Buffet from France, circa 1800's

Large French bleached oak sideboard with carved accents between the three panel doors. Over 7' long, this will serve as an impressive buffet resting on carved feet. The heavy distress along the top reflects many generations of use including cracks, scratches, dings, separation, stains, slight bowing, etc.

Restored, strong, stable and ready for use. A clip closure has been added to the cabinet doors and a pull will be included on the 3 doors to match those on the 2 upper drawers.

All scratches, cracks, dings, and age related separation are commensurate with age and do not detract from the beauty nor function of this impressive oak buffet. Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
