no new info added yet 4/29 - coffee table - missing everything  
but dimensions - plug in added

The rustic appeal of this coffee table comes from the aged patina of the pine wood top which contrast with the cheerful blue painted base.

Every scratch, nick, crack and stain simply add to the draw of this coffee table with two drawers. Note how the painted finish is distressed and worn down to the natural pine below, creating a warm patina. Restored, solid, stable and ready for use. Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
