Wood type?// key//Console table -

The deep aged patina of the beautiful walnut wood draws one to this handsome refectory or library table from Sweden. The turned legs and trestle base add to the visual appeal.

There are two carved panel drawers that add a dramatic element to this console table that is just under 6' long.

Note in close up photos the richness of the wood, grain, even old nicks and stains that all add to the character of this aged table. Restored, strong and stable. The scratches, dings, stains (see top) and signs of wear (see top, especially front corners) reflect generations of use.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
