Pair, Gustavian Style Wingback Gray Chairs, Sweden circa 1920-40

Graceful with a romantic air, this pair of Gustavian style wingback armchairs have delicate carving along frame, crown and skirt and rest on cabriole legs.

This pair of arm chairs are restored, stable and ready to use. The newer professionally applied painted gray and antique white layered finish is largely rubbed away to reveal the character and beauty of the natural wood below.

Simple newer linen upholstery on back, seat and arms has deconstructed look and feel; staples visible throughout to hold batting in place. These chairs are ready to be upholstered upon discretion of buyer. All scratches, cracks, dings, and age related separation are reflective of age and do not detract from the beauty nor function of this lovely pair.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
